

God Within Me

I love with the heart of God within me
I sing with the voice of God within me
I rest in the peace of God within me
Everything, everything
Praises God within me

I know with the mind of God within me
I pray with the faith of God within me
I trust in the power of God within me
Everything, everything
Praises God within me

I am a safe and loving place
Born of beauty and amazing grace
I am
I am

I laugh with joy of God within me
I shine with the light of God within me
I am who I am because of God within me

Everything, everything
Praises God
Everything, everything
Praises God

Everything, everything
Praises God within me
