

# I AM

Words and Music by  
Denise Rosier

I am made of the light  
That hung the stars in the night  
A perfect thought Since time began

I AM

I AM

I am One with the Love  
That's holding all of us  
Its power in my hands

I AM

I AM

I am called by the voice  
That speaks of truth and joy  
Forever blessed where I stand

I AM

I AM
