Peace, Light, Love

(Easy guitar chart)

```
D
                 D
             G
                         Α
                                    D
Peace
           light
                       love
                                  in me
             G
                                    D
           light
Peace
                       love
                                  in me
                                  G
Α
Here in the stillness of this quiet hour
Sweet words of wisdom fill my ears
                                     G
                                                D
Your words like water keep my soul su -stained
Let them rain, let them rain
D
                                    D
Peace
           light
                      love
Α
I hole your presence here inside of me
I rest in knowing you are here
                                        G
                                                    D
Brighter than a thousand stars across the sky
How you shine, how you shine
                         Α
Peace
           light
                                           (repeat)
                       love
                                  in me
```
