

# Peace, Light, Love

Peace, Light, Love in me

Peace, Light, Love in me

Here in the stillness of this quiet hour  
Sweet words of wisdom fill my ears  
Your words like water keep my soul sustained  
Let them rain  
Let them rain

Peace, Light, Love in me

I hold your presence here inside of me  
I rest in knowing you are here  
Brighter than a thousand stars across the sky  
How you shine  
How you shine

Peace, Light, Love in me

Peace, Light, Love in me

Peace, Light, Love in me
