

# Spirit Move

Words and Music by  
Denise Rosier

There is no holding back  
The power in this room right now  
Rising up as a force of love so high it can't come down

Every soul is a soul on fire  
Burning bright with the Light of Life  
Here we are open wide there's no place we can hide

We sing out, we sing  
Sing out, we sing

Spirit move our hands and feet  
Spirit move everything  
Spirit move in the space between  
Spirit move

Like a river deep and wide  
Rolling out like a mighty flood  
Love's filling every heart and pouring out of us

Feel it breaking down the walls  
Building everybody up  
It's taking over now there's no way it can stop

Sing out, we sing  
Sing out, we sing

Spirit move our hands and feet  
Spirit move everything  
Spirit move in the space between  
Spirit move
